

Dear Esteemed Colleague,

It is a great pleasure to announce Algeria Future Energy 2018 to be held the 29th and 30th October 2018 in Algiers's International Center of Conferences, under the high patronage of H.E. Mr. Abdelaziz Bouteflika, President of Republic of Algeria, co-organised between Sonatrach and CWC Group, and with the participation of Sonelgaz.

The summit will see the attendance of the most important leaders and decision makers of the Algerian energy sector, from the upstream oil to the downstream, including power, renewables and oil and gas services.

This important summit will focus on Diversification, Innovation and Investment from different points of view: energy companies, regulators and policy makers.

This strategy and investment oriented conference is a unique platform to share our views on the industry future.

I am looking forward to welcoming you at this event which - I am sure, will be the event not to miss in 2018.

Sincerely yours,
